International Treaties

Here is the text of almost 100 United Nations, International or Multinational treaties collected by Cornell.Edu, and available [here](#). Since the cornell.edu is a "gopher" site, which is becoming rare, and access is sometimes very slow, we've copied the collection to make its use more convenient.

All of these documents are in plain ASCII text, so while they may not look very good, they will be useful to the broadest possible base of users. This copy was taken Sep 15th, 1997. This list is ordered alphabetically by filename.
