This permit is issued under authority of Section 6401 of the Fish and Game Code, and authorization of the Fish and Game Commission and permission is hereby granted to transport the above named fish. All fish planted under this permit must be free from infectious disease. A copy of this permit must be carried at all times while transporting the above specified numbers and species of fish. All fishing under this permit must be done in accordance with State angling regulations, including licenses, seasons, and bag limits. This permit is valid from date of issuance until _____. A separate permit is required for each water to be stocked. A new permit must be obtained if you wish to stock a species not listed on this permit. This permit is valid for lawful shipment from any Registered California Aquaculturist

A fee is required. The amount is indexed to the standard of living (see Section 699[b], Title 14 CCR).
